POLICY ON GREEN CAMPUS

Date 20.12.2021

The college implemented the Green Policy for the first time under the aegis of "CEE Club" (Club of Ecology and Environment) in the year 2014. On 07.01.2020 under the supervision of IQAC, Gushkara Mahavidyalaya, CEE was directed to form a **Green Audit Committee** within 07.02.2020. Unfortunately, because of COVID-19 pandemic outbreak, it was delayed. The Governing Body of the college asked the Principal to make a 'Green Audit team' for green audit. During an IQAC meeting dated 07.01.2020, IQAC Coordinator and Principal authorized the "CEE Club" to find and conduct the green audit process. The green audit process started in 2021.

The **Green Campus Policy** of the college envisions a Clean and Green Campus where environmental friendly practices and education combine to promote sustainable and ecofriendly practices in the campus and beyond the campus. It also offers the institution an opportunity to take the lead in redefining its environmental culture through instilling environmental ethics among the students and staff.

The college works towards creating a green, pollution-free and healthy environment with zeal and dedication. The students are given strict instructions to maintain the campus clean and green and it is reflected in our approach and attitude.
